

BACKSWING GOLF EVENTS IS THE INDUSTRY LEADER IN THE CHARITY/CORPORATE GOLF EVENT SPACE.

We consist of over 200+ lady professional golfers and specialize in on-course fundraising. Our team will help support over 3,500 outings this year, with over \$7 million going directly back to the charities we work with!

OUR MISSION

Our mission is to support lady golfers pursuing their dream of playing on the LPGA Tour, while creating more opportunities for women in the golf industry. We look forward to partnering with you to bring our exciting on course experience to your event!

BEAT THE PRO

DO YOU HAVE WHAT IT TAKES TO BEAT A LADY PRO GOLFER?

The most popular fundraising activation is our Beat The Pro contest. One lady pro will be stationed on a Par 3 and players can challenge her to a fun spin on a closest to the pin contest.

RAISE MORE MONEY ON THE GOLF COURSE!

Our team creates an engaging and memorable experience while making a huge impact on funds raised, at zero out of pocket cost to you. From what our pro raises on her hole, we split 50/50 with travel expenses off the top, if any.

CHOOSE YOUR WAGER AMOUNT

Players can purchase as many raffle tickets as they would like on the hole. If a player beats the pro closest to the pin, they will double their tickets. We will choose one winning ticket at the end of the event for a fun prize that we donate. Participate as a team to buy a better score on the hole - a fun advantage that ensures great pace of play!

WE WILL HANDLE EVERYTHING

The pro will handle all transactions on the hole, including cash and credit cards. A full report will be emailed and a check will be mailed for your portion of the funds raised within two weeks of the event.

DON'T FORGET TO ASK US ABOUT PLAYER GIFTS!

We have access to the best pricing and would love to share our resources with you!
