

# HOLE #9 – Par 4

## TRACKMAN EXPERIENCE

BackSwing will set up our Trackman technology on a Par 5. Each player will be able to see all their swing and shot analytics in real time as the numbers appear on the monitor. Option to add a lady pro to host the hole and compare stats.

This activation is a flat fee (differs per location) and makes a great sponsorship opportunity. You can also choose to add a fundraising component!

### YOU CAN CHOOSE FROM TWO FUN GAMES:

#### Thousand Yards Game

Each player + a lady pro will hit their tee shot on the Par 5. The Trackman will total each players yardage, and if they reach 1000 yards, they will get entered to win a great prize.

#### Guess Your Distance Game

Each player will hit their tee shot and call out how far they think it went. The Trackman monitor will then show the actual yardage. If they are within 10 yards, they will be entered to win a great prize!
